**AWARENESS PROGRAMME**  
**ON**  
**TREE PLANTATION PROGRAMME**

**DATE: 27/01/2022**  
**VENUE: BOLOGARAH, PACHIM SUBA**

An awareness programme on the topic "**Tree Plantation**" is organised by ECO Club, Kharupetia College in collaboration with IQAC, Kharupetia College on **27/01/2022** in the village of **Bologarah Pachim Suba, Darrang Assam**. The main objectives of this programme of Tree Plantation include combating climate change by absorbing Carbon-di-oxide, enhancing biodiversity by preventing soil erosion through root stabilization. Tree planting also improves air quality, reduces urban heat through shed and supports water conservation by increasing ground water recharge.

The Resource Person of this Programme was Professor Abdur Rahman, HoD Mathematics (Kharupetia College) delivered a lecture among the people that as trees grow they help to stop climate change by removing Carbon-di-oxide from the air, and blessed us by releasing Oxygen into Air. Economically it can provide resources like Timber and fruits, while socially it promotes Environmental stewardship and offers recreational spaces. Overall Tree plantation is vital for sustaining Eco system, improving public health.

There are 58 participants actively present in this programme. They also expected such more programme in their village from time to time. Everyone praised the programme and ended with vote of thanks.
